

**Wellington Regional Economic Development Agency (WREDA)
Health and Safety Statement**

WREDA will take every reasonable practicable step to ensure the health and safety of all our employees, contractors, visitors and venue hirers and patrons.

WREDA recognises that effective health and safety leadership involves an integrated framework of values, operating procedures and behaviours across the whole organisation. The role of the WREDA Board is to ensure that a positive and robust governance culture is in place to provide a strategic and structured health and safety management system that aligns to the organisational goals of WREDA.

Through monitoring the performance of WREDA health and safety practices, the WREDA Board will guide the CEO and Senior Leadership Team to ensure WREDA operates both ethically and morally in meeting its compliance obligations with respect to New Zealand laws and regulations. The Board will undertake an annual review of how they are meeting their accountabilities and legal responsibilities based on established best practise guidelines.
